

# MARIA REVKOV

UX/UI DESIGNER

## [My portfolio](#)

I'm a **self taught UX/UI designer** with experience in research, usability testing and design solutions for **Buy Now, Pay Later user experiences for B2B customers** in the Fintech space.

Formerly a social worker, I apply my knowledge in psychology and counseling to create research based, empathy-first designs.

## WORK EXPERIENCE

### Associate Product Designer

Billie GmbH | Berlin, Germany | May - November 2022

#### [Complete case studies](#)

- Improved the BNPL (Buy Now, Pay Later) user experience for B2B users of the Billie buyer portal by conducting product discovery using the double diamond method, usability reviews, identified usability issues and proposed design recommendations.
- Collaborated with stakeholders and the design team on the Billie rebranding and developing common UX writing practices.
- Communicated and implemented technical strategies within the scrum workframe with cross-functional teams.

### UX/ UI landing page redesign for a German non-profit

Woé zon loo e.V. | September - October 2021

#### [Complete case study](#)

- I redesigned a desktop landing page based on the design thinking process with a qualitative research approach.
- I conducted competitive analysis, usability testing, user interviews and prioritization techniques.
- I designed a high fidelity prototype in Figma, including a style guide and mockup.

### Sozialpädagogin / Social worker

Berlin, Germany | 2018 - 2021

- Social assistance and counseling of youth groups with culturally diverse and difficult backgrounds in German and Russian.
- Social counseling and case management of refugee families, youth and children in German and Russian

## EDUCATION

### Bachelor der Erziehungswissenschaft / B.A. in Pedagogy

Freie Universität Berlin | Berlin, Germany | October 2013 - July 2018

- Qualitative and quantitative research methods
- Psychology, social sciences and pedagogy
